Dear Aikidoka,

We just got message that Peter Haase died of pulmonary embolism on Sunday morning. Even though Peter didn't attend many seminars in the last few years, his heart and soul was always with Tendoryu Aikido. The premature death of Peter Haase has left us in deep shock. Death always is tantamount to loss – but never to the loss of the time shared with the deceased. Guilt washes away the sands at the shore of our self-confidence, as there are many things left to say, in some cases even beyond redemption. Our sympathy and our mourning is with Sybille.

In loving memory of Peter Haase

Dear Aikidoka,

the premature death of Peter Haase has left us in deep shock. Death always is tantamount to loss – but never to the loss of the time shared with the deceased. Guilt washes away the sands at the shore of our self-confidence, as there are many things left to say, in some cases even beyond redemption.

Peter has put his stamp on german Tendoryu Aikido like no one else and filled us with enthusiasm for it. Although it's hard to let go of someone like Peter, knowing how many people were fond of him and held him in great esteem, is a consolation.

Peter, we will never forget you.

Dieter Benders
